

KEVIN MARCELLO JONATHAN

IT Project Manager · Banking & Financial Services

Jakarta Selatan, Indonesia | +62 811 8336 322 | jkevinmarcello@gmail.com | [linkedin.com/in/kevin-marcello-j](https://www.linkedin.com/in/kevin-marcello-j)

PROFESSIONAL SUMMARY

IT Project Manager with 5+ years of experience delivering mobile, web, and workflow-based systems across Indonesia's banking and financial services sector. Currently a Co-Project Manager at UOB Indonesia, leading Loyalty & Reward and core banking initiatives end to end — from project background and vendor negotiation to development monitoring, risk management, and on-time delivery. Skilled in Agile methodologies, system analysis, stakeholder and vendor management, and regulatory compliance, backed by a hands-on software development background (Java, Angular, Laravel, OutSystems). Currently pursuing a Master of Management in Technology Management. Known for analytical problem-solving, structured execution, and proactively turning risks into solutions that keep projects on track.

CORE COMPETENCIES

Project Management · Agile / Scrum · Software Development Life Cycle (SDLC) · Banking & Financial Services · Regulatory Compliance · Business Continuity Management (BCM) · Stakeholder Management · Vendor Negotiation & Management · Requirement & System Analysis · Budgeting & Resource Planning · Risk & Change Management · Mobile & Web Application Development · Business-as-Usual (BAU) Support · Project Documentation

PROFESSIONAL EXPERIENCE

IT Project Manager (Co-PM)

Jul 2023 – Present

PT Bank UOB Indonesia (placed via PT Bumi Amarta Teknologi, 2025–present; PT Code Development Indonesia, 2023–2025)

- Serve as Co-Project Manager across UOB Group's Loyalty & Reward (L&R) program and core platforms — CPO, PLCE, and ITP — ensuring Group business requirements are delivered across the application portfolio.
- Manage Business-as-Usual (BAU) operations and change requests, coordinating development, QA, and business stakeholders to keep critical banking applications stable, compliant, and responsive to evolving needs.
- Act as the primary liaison between UOB business users and technical delivery teams, translating requirements into actionable plans and driving them through to production within a regulated banking environment.

Project Manager — Mobile & Web Integration Specialist

Oct 2021 – Jul 2023

PT BCA Finance

- Led mobile and web projects end to end — developing project backgrounds, defining scope and objectives, building detailed schedules, and coordinating internal and third-party / vendor resources.
- Negotiated pricing with vendors, managed project budgets, and built strong working relationships across vendors and internal work units to keep delivery on track.
- Delivered a portfolio of mobile and web applications including KKB Sales Kit, Mobile Account Solution, CSIS, Telesales, Telecollection, CRM (Sentral Param & Direct Sales), and Digital Signature.
- Monitored the development cycle, identified risks and issues early, and proactively implemented solutions; enforced thorough code review before every production release and reported progress to stakeholders and the board of directors.

Information Technology Development Program (Management Trainee)

Sep 2020 – Oct 2021

PT BCA Finance

- Completed a structured technology-leadership trainee program with rotational exposure to marketing, operations, work processes, and application user experience.
- Presented monthly project proposals to senior management and built a real application during the closing boot camp using Java Spring, Java Android, and Angular — strengthening technical, business, and project-management skills.

Web Developer

Feb 2020 – Jul 2020

PT Mitra Tekno Indo (Protecsoft)

- Developed company and client websites with a focus on back-end engineering using Laravel, including an e-commerce template and a payment-feature integration.

Web Developer Intern

PT Ifabula Digital Kreasi

Feb 2019 – Mei 2019

- Assisted in developing website pages using the OutSystems low-code platform.

EDUCATION

Master of Management — Technology Management

Universitas Multimedia Nusantara (UMN)

Jan 2026 – Feb 2028 (expected)

Bachelor of Computer Science

Universitas Tarumanagara (UNTAR) · GPA 3.37 / 4.00

2016 – 2020
